## SEVENTEENTH SUNDAY IN ORDINARY TIME

---

**RESPECT LIFE:** Families with lots of children are no longer considered examples of generosity, but rather irresponsibility. [Our culture says that] children with severe disabilities are not special angels sent to us by God, but drains on the economy; better that they were not born. And the elderly are burdens. But if we succeed in pushing away everyone who is dependent, then we are left with ourselves, our ego-centric, sin-rationalizing, defensive, irritable, and vain selves. If we never learn to give till it hurts, till the painful reality that we are not the center of the universe sinks in, we will fail at marriage, at parenthood, at citizenship, even at simple neighborliness.

William E. May, *On Being a Burden to One's Family*
