

**A valuable part of our Master Plan, the Columbarium, is in the East Garden with the Stations of the Cross - a place for prayer and meditation.**

**The Columbarium provides a suitable place to entomb the cremated remains of our loved ones.**

**Two of four clusters are under construction. They are the St. Joseph and Our Lady of Grace clusters each with 484 niches. A niche will hold two urns.**

**Brochures are available in the Narthex. During construction, niche price is \$2,200 for center units and \$2,000 for the rectangular units.**

**Interested individuals should call the parish office and a member of the columbarium committee will contact you.**

MAY 6, 2013

Picture shows construction in the East Garden. The work includes new walking paths for the Stations of the Cross, lighting, landscaping as well as improved drainage. Infrastructure for four columbarium clusters is being installed at this time. The columbarium units will be installed late June and completion scheduled for July.
